RE: Reallocation of Supply Chain Assistance (SCA) Funds

Yvette M. Richardson, Ed.D.
 District IV
 Vice President

Throughout the pandemic, school food professionals have met extraordinary challenges to ensure every child can get the food they need to learn, grow, and thrive. But circumstances in local communities remain unpredictable, and supply chains for food and labor have been stressed and at times disrupted. To assist school districts experiencing supply chain disruptions, the Food and Nutrition Service (FNS) will allocate \$1 billion in relief funding to State agencies (SA), made available through the Commodity Credit Corporation (CCC), and authorized under the CCC Charter Act [15 U.S.C. 714]. These resources will be referred to as Supply Chain Assistance (SCA) funds.

SFA Calculated Payment

Cynthia McCarty, Ph.D.
 District VI

The October 2021 School Food Authority (SFA) level enrollment data was used to calculate the funding to provide to individual school districts in Alabama. This allocation includes two components: a base payment of \$5,000 to all eligible school districts, and a proportional funding amount based on each SFA's share of statewide student enrollment. The base payment is intended to ensure that the smallest districts receive a meaningful level of funding. The proportional amount is intended to provide resources that scale with the size of the student population served by an SFA. **The original guidance regarding SCA Funds was emailed to all CNP directors on February 14, 2022, and the allocations represented the amount all eligible SFAs were entitled. The recalculated allocations represent only the SFAs that opted to receive the SCA funds through the attestation process.**

Proper Use of Funds

SCA funds for eligible SFAs are to be used exclusively to purchase unprocessed or minimally processed domestic food products (also referred to as commodities) to help SFAs deal with challenges, such as unanticipated cancellation of food and supply contracts, reduced availability of certain foods, unexpected substitution of certain products, unpredictable increases in food and supply prices, and other obstacles related to pricing and/or availability that have been reported to or identified by SAs administering the Child Nutrition Programs (CNP).

All SFAs are required to maintain purchasing and other records for review and audit purposes. This documentation must reflect that the purchases made by SFAs are consistent with the purpose of the SCA funding, i.e., for domestic unprocessed or minimally processed food products, in amounts that are at least equal to funds received. SFAs must retain regular records pertaining to its school food service as required by 7 CFR 210.9(b)(17). This may include invoices, receipts, and other documents provided when the SFA executes purchases with these funds. They must evidence that SCA funds were used for allowable purposes. SFAs are not required to proactively provide documentation to SAs regarding those food purchases. SCA funds will be monitored consistent with other school meal program funds through the existing oversight measures used in school meal programs Administrative Review.

Accounting Instructions

Local Education Agencies (LEA) are required to use SA revenue function code 5990 and fund source code 5101 for SCA fund allocations. Residential Child Care Institutions and Private School revenues must be accounted for under “Other Revenue” on the CNP Annual Report form submitted to the State Agency.

Please review the attachment for SFAs eligible to receive the SCA Funds and the recalculated amount allocated to each SFA. Program operators should direct any questions concerning this guidance to the School Program Staff at cnpslp@alsde.edu or (334) 694-4657.
